CalFed Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814
Attention: Rick Breitenbach

I am a member of California Trout. I am writing to you today because I am concerned with CALFED Bay-Delta Program.

I believe that better solutions are available than the current CALFED Phase 2 alternatives. These include an increased reliance on groundwater storage instead of new dams or reservoirs, providing water for fisheries and watersheds without building new dams, increased water conservation actions for both agriculture and municipalities, and further water quality improvements for Bay-Delta waters.

Sincerely,

Conrad Scales
